

# Technology

April Newsletter

## Dear Parents,

March has galloped away and spring is finally here! In Technology, our Lions and Tigers were amazing in building computer and mouse skills. The Zebras, Cardinals, Dragonflies, and Hummingbirds continued on their ABCMouse learning path. All the children enjoyed learning some of our bible stories through an interactive app on the iPads. All children really enjoyed getting to follow along to a read aloud interactive story on the computers.

As we spring into April, we are going to work on our math skills with different activities appropriate for each age group while enhancing their mouse and fine motor skills. We will be practicing our literacy skills with all classes using different activities on the iPads. The Lions and Tigers will continue practicing mouse skills on Owlleboo.com. The Zebras, Cardinals, Dragonflies, and Hummingbirds will practice hand-writing skills by using a stylus to trace the letters of their name and practice sight words.

Children in the Giraffes class who have turned two will begin their transition into Technology. They will begin on the iPads with an interactive activity from Eric Carle.

I am continuously proud of all the children and their developing skills in our Technology class. They are each a blessing and as we continue to learn more about computers and how to use them, I hope the children are sharing with you all they have learned.

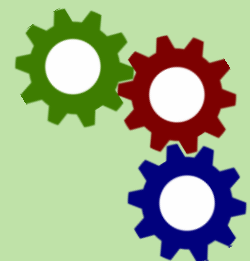

In His Name,

Sarah Money

**Communication is key!**

I hope your children share with you all they learn at school. If not, ask them!

If you ever have any questions, ideas or concerns, please feel free to email me at [smoney@dayonechristianacademy.org](mailto:smoney@dayonechristianacademy.org).
