

Technology

April Newsletter

Dear Parents,

March has galloped away and spring is finally here! In Technology, all the children experienced learning some of our bible stories through an interactive app on the iPads. The children also enjoyed getting on the computers and following along with a read aloud interactive story.

As we spring into April, we are going to work on our math skills with different activities appropriate for each age group while enhancing their fine motor skills. We will be practicing our literacy with all classes using different activities on the iPads. The Zebras, Cardinals, Dragonflies, and Hummingbirds will practice hand writing skills by using a stylus to trace the letters of their name and practice sight words.

I am continuously proud of all the children and their developing skills in our Technology class. They are each a blessing and as we continue to learn more about computers and how to use them, I hope the children are sharing with you all they have learned.

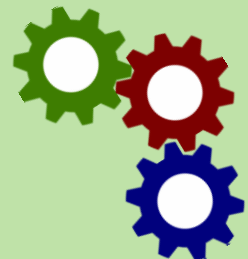

In His Name,

Sarah Benson

**Communication is
key!**

I hope your children
share with you all they
learn at school. If not, ask
them!

If you ever have any
questions, ideas or
concerns, please feel free
