

The Lion's March 2019

Dear Parents,

Thank you for the wonderful contributions that you make to your children's classroom. The Valentine's Party was a great success thanks to all your efforts, time and talents. As your child's teachers, we were blessed to watch the excitement and enthusiasm that filled the room not only the day of the party, but also during all of the preparation for the occasion. Thank you for helping us to have a wonderful event during the month of February and for all of the special treats.

March is going to be an excellent month, as we are eagerly waiting for the awaking of God's son. This month the children will learn the color orange by exploring all five of their senses.

It is our desire to share God's love by showing the children how to appreciate what He has created. We will learn our memory verse: I am fearfully and wonderfully made, Psalms 139:14. We will also explore how we can gain our fruit of the spirit, self-control, through games that require us to be patient, wait our turn and learn to play together. The children will continue to learn their numbers by getting exposure to the number seven.

This month, our goals are to help the students build skills that will help them to accomplish an awareness of the world God has created. We will use living and nonliving items to help the children understand this concept.

Each day we share with the children that God is love. In class, we often talk about how much God loves us and takes care of us, much as their parents and caregivers do each day. This month we will share how they too exhibit God's love to their family, friends and pets. We look forward to sharing another special month in your child's life with them as we educate them for a life of success.

With Spring break quickly approaching, we ask that you continue to update your child's wardrobe by checking their change of clothes for the right size and seasonally appropriate attire. Thank you for all of your efforts regarding your child's education. It is very easy to see the light of God's love in the eyes of our children. Thank you for all of your support and help.
