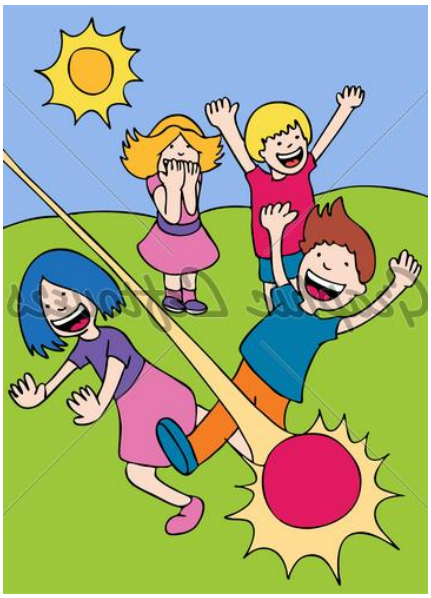
March Newsletter – Health and PE

"'Come and follow me,' Jesus said." Matthew 4:19



February was another great month for the Health and PE class. We teamed with Mrs. Mouton in music to prepare for the rodeo program. The progress the children made through practice was incredible. We definitely have a group of music lovers in this school! On the few days that we held PE, we set up a DOCA Ninja Warrior course in the classroom. The students worked on loving one another by cheering and offering high-fives to show support for their classmates.

March's monthly focus is 'self-control,' and we will help our students practice self-control as we continue in our sporting units. This month we will begin our volleyball and kickball units. So much fun! Volleyball is the perfect unit to encourage teamwork and kickball is the perfect way to teach running around bases for baseball preparation. We look forward to seeing your children in action. They continue to bring so much joy to our days, and we are thankful that you share them with us!

God Bless,

Amber Butters
