

OCTOBER AFTER SCHOOL CARE NEWSLETTER

WHAT WE HAVE BEEN DOING.....

DEAR PARENTS,

We had so much fun learning about our community helpers in September. Your child learned God provided us with people who have special skills that help us in our community. From learning how police officers and firefighters keep us safe to pretending to be construction workers painting with tools, your child took part in many fun activities learning what people do for us in our community. Your child loved the different sensory projects and enjoyed an experiment with Mrs. Benson learning what it means to be a scientist.

WHAT WE ARE DOING IN OCTOBER.....

This month your children will be learning about traveling! They will have many activities throughout the month relating to different ways to travel, if by land, water or sky. The children will also get to explore where in America they can travel to. From the children getting to go on a landmark adventure walk around the school, to packing their suitcase, this month will be filled with fun and educational activities for the children.

We will be having a special snack on Friday October 18th, so please look for a sign-up sheet on your child's classroom door.
